WHALE WATCHING PHOTO SAFARI

WHALE WATCHING – GUARANTEED SIGHTINGS

The whales have arrived! Whether you have been whale watching before or it is your first time, few sights are more jaw-dropping than watching a whale charge up from the depths of the ocean and launch its 45,000 pounds into the air – returning with a spectacular splash. Be sure to join us in Vallarta for our Whale Watching Photo Safari to live this experience. Or encounter whales as part of these tours: Marietas Eco Discovery, Las Caletas Beach Hideaway and Sea Safari.

TOUR STARTS DECEMBER 8th

KIDS ADVENTURE PARK

**NEW AT LAS CALETAS BEACH HIDEAWAY
KIDS ADVENTURE PARK –
MEXICO'S ULTIMATE KIDS-ONLY ADVENTURE PARK**

Our newest addition to Las Caletas Beach Hideaway is Mexico's ultimate kids-only adventure park. We invite you to experience this extraordinary retreat and create a day full of magic and memories where the kids can add thrills and excitement to their day. With their faces painted, they will zip line, swing and climb through the forest, ride donkeys and interact with monkeys, tarantulas and other creatures at the zoo. Though the activities are exclusively for kids from 4-11 years old, parents can join the excursion to share the adventures and memories.

SNORKEL WITH SEA LIONS

SNORKEL WITH SEA LIONS AT LAS CALETAS

Our playful Sea Lions are back to swim with you at Las Caletas again! Sea lions are one of the ocean's most fascinating creatures – and snorkeling with them adds another element of excitement and adventure to your day of fun-in-the-sun at Las Caletas. Take advantage of the unique opportunity swim with our sea lions in the open ocean. This rare and memorable experience is available for all ages and guaranteed to put a smile on your face.

GREEN CHRISTMAS – ECO FRIENDLY HOLIDAYS

Every year, the holidays mean extra garbage and megawatts for lights and decorations. Since we are all lovers of the outdoors and our amazing planet, let's be extra eco-conscious this holiday season. Here are some tips from us:

1. Minimize wrapping; be innovative, use nice boxes you can re-use, wrap with the comics from the newspaper or recycle holiday wrapping paper.
2. Buy a potted tree (they are grown in a tree farm without impacting the forest) instead of cutting down a tree or using an artificial trees that consume significant energy and petroleum-based material during their manufacturing.
3. Use low energy lights on the tree and the house. They are just as bright and beautiful, and use much less energy.
